WHAT IS A VANPOOL?

A vanpool is a group of 7 to 15 commuters who ride to and from work each day in a volunteer-driven van. Passengers save money when they share the cost of operating a single vehicle and leave their cars at home.

WHAT DOES SOUTH FLORIDA VANPOOL PROVIDE?

The South Florida Vanpool Program offers a complete package that includes well-appointed commuter vans, insurance, bumper-to-bumper maintenance, 24-hour roadside assistance and a fuel purchasing program. The turn-key package is offered on a thirty-day basis with no long-term commitment. Our partner, South Florida Commuter Services offers Emergency Ride Home service to vanpoolers.

PASSENGERS ENJOY A RELAXING TRIP TO WORK, AND SAVE MONEY!

Because you are sharing the ride with others, you can have a restful, relaxed commute. You can read the paper, catch a little nap, or chat with friends in first-class comfort. What's more, the car you leave at home is not consuming gasoline or polluting the air, and will probably qualify you for a lower insurance rate if not used for the daily work trip.

DRIVERS ENJOY PERSONAL USE OF THE VAN

If you are the volunteer primary driver you will enjoy limited personal use of the vehicle during off hours and weekends. Qualifications include a safe driving record and a valid Florida driver's license.

THE ECONOMY OF VANPOOLING

The price is determined by the distance that you live from work and the number of people in your vanpool. The savings you will see when you share your commute cost with your group can't be beat!

WHO IS VPSI?

VPSI, Inc., a Michigan based company, provides public transportation services across the U.S. The South Florida Vanpool Program is operated by VPSI under contract to Miami-Dade County Metropolitan Planning Organization and works in partnership with all of the leading transportation agencies in South Florida.
